

Norman County East Preschool Screening

Preschool Screening for children 3 to 4 years old living in the Norman County East School District will be held on Wednesday, May 1st, 2019, starting at 8:30 am. Please contact Sarah Smart at NCE Elementary at 584-5151 ext. 253 or email sarajs@nce.k12.mn.us

Early Childhood Screening is a careful check of your child's growth and development, including vision, hearing and speech. Early Childhood Screening helps your school district in ruling out or identifying health and learning factors early and gives children time to "catch up" if needed. The state of Minnesota requires all students entering preschool and Kindergarten to be screened by the school district, preferably between the ages of 3 and 4 years old.

There is no cost for screening. The state of Minnesota funds early childhood screening based on the age of the child screened with the recommended age of 3-4 years.
